JUDGMENT

JUDGMENT

The petitioners herein are seeking for a direction to the respondents to consider the representations Exts.P5 to P7 in the light of the recommendation made by the Head of the Department as per Ext.P8

2. The petitioners are students undergoing the undergraduate course B.Tech Degree in Aerospace in the Indian Institute of **Space Technology** , Thiruvananthapuram. They are now confronted with the change in the regulation during the midstream including the curriculum changes. Various aspects have been pointed out in the writ petition. It is pointed out in paragraph 7 of the writ petition that as far as the students in Avionics and Physical Sciences undergoing B.Tech Course, they require 124/127 credits to move to the 4th year from the 3rd year and hence even if they fail in a 3 credit paper they can move to the 4 year from the 3 year whereas a student in Aerospace who loses a 3 credits paper cannot move to the 4 year from the 3 year. According to the petitioners, this is a matter which will have to be considered by the Chairman as it is a follow up of the change of curriculum in the light of Ext.P8 recommendation by the Head of the Department.

Heard the learned Assistant Solicitor General also. There will be a direction to the 2nd respondent to take a decision on Exts.P5 to P7 in the light of Ext.P8 recommendation and inform the results to the petitioners within a period of three weeks from the date of receipt

of a copy of this judgment. The petitioners will be provisionally permitted to attend the classes in the 7 semester which will be subject to the orders to be passed by the Chairman.

This writ petition is disposed of as above.
